BOS Scrambles to Fill Positions With Long ZBA Agenda Looming

By Tom Clow

In an effort to rebuild the Zoning Board of Adjustment (ZBA), at its June 17 meeting, the Weare Board of Selectmen appointed two new members to that board, then dipped into its own ranks to fill open slots that remained. Appointed to the ZBA were Travis Corcoran and Kurt Markarian. Corcoran serves in the N.H. House of Representatives and at one time served on the Weare Finance Committee, but he resigned from that position. Markarian lived in Weare before moving to Sunapee, where he served on the planning board and the water and sewer commission, before moving back to Weare in 2016, he said in his interview.

Following the appointment of Corcoran and Markarian, the BOS appointed Selectman James Drury to a one-year term as a full member of the ZBA and Chairman Janice Matthews to a one-year term as an alternate. They will be serving as regular ZBA members not as ex-officio members representing the BOS.

This unusual sequence of events played out following the action taken by selectmen on May 13. At that meeting, the Board interviewed ZBA Chairman Jack Dearborn for reappointment. The motion to reappoint failed on a 2-2-0 vote. Selectman Benjamin Knapp was not available for the meeting. Dearborn had served on the ZBA for 36 years, according to the minutes of the May 13 meeting, as well as serving in other leadership roles in the community including chair of the CIP (Capital Improvement Program) Committee.

Shortly after the BOS decision to not reappoint Dearborn, three other full members of the ZBA, Michael Myer (Vice Chairman), Marc Morette and Bobbi-Jo Plamondon submitted letters of resignation. This left the ZBA with one full member, Malcolm Wright, and one recently appointed alternate member, Michael Bauer. There are 11 cases on the Zoning Board agenda for July 9.

**HAND IN
HAND**

**SENIOR CENTER
& THRIFT SHOP**

The Hand in Hand Senior Center is a gathering place for seniors to socialize and get involved in group activities.

33 North Stark Highway, Weare, NH 03281

Wed. - Sat., 11 a.m. - 4 p.m.

603-529-4263 / www.facebook.com/hihsc.org

Hand in Hand Senior Center is a place where those over 60 (more or less) can come and enjoy some time with those they already know, and get a chance to meet new people.

Are you hesitant to stop at the center for lunch because you don't know anyone? That's a common feeling. Fear not, because at Hand in Hand people are nice and reach out to make you feel comfortable.

You'll find some people come early on to work on crafts together. The place is a warm hustle and bustle as flatware and pitchers of water are placed on tables and whatever is cooking gets ready to be served. Food is boxed for delivery and take out; people wander in and are served coffee or tea and socialize. Lunch is served by the nicest people and then of course there's dessert made by dessert angels.

After lunch you can choose to stay and craft, play a game, just hang out to talk and share, (or just hang out), and visit the Thrift Shop. The third Wednesday of the month is set aside for Gail's eyeglass clinic, giving you an opportunity to see clearer. We try to have something different going on after lunch once a month.

But Wednesday lunch is not the only thing that the Center offers. Chair Yoga, Yoga 2 and Tai Chi have become staples at the center. Other community activities are in the works for the late summer and fall. Join us; we're waiting for you.

**WHAT'S FOR
LUNCH?**

Wednesdays 11 a.m. – 1 p.m. Dine in, take out or free delivery.

July 10: Shepards pie, salad

Coffee, tea, and various desserts are also available. Stay after for crafts and conversation.

**WHAT'S IN
THE SHOP?**

All through July, we'll be selling selected items for **JUST \$1**. Follow us on Facebook, as we will be adding new items almost every day. www.facebook.com/hihsc.org

Lookin' for Love

If you'd like to adopt any of the pets pictured here, please complete an adoption application at <https://www.heartsandtails.org/adoption-application>

Meet Honey! She is a Terrier and is known for being affectionate, friendly, funny, gentle, quiet and smart. Healthwise, her vaccinations are up to date, and she is spayed. She is good in a home with children.

This precious girl truly lives up to her name. She loves ALL people and wants nothing more than to spend all of her time with a family of her own. Honey has spent the last three months in a concrete kennel and she is trying very hard not to lose hope. She loves to play and cuddle. If you're looking for a dog with a wonderful temperament, Honey is your girl! She is good on a leash and she loves to go for walks. She's house trained and crate trained. She's very quiet and rarely barks. She has a beautiful, shiny coat and sparkling eyes. She is SMALLER than she appears in her photos. She's very intelligent, and she's eager to please her human(s). She is truly just a little love muffin! Honey is about 2 and 1/2 years old, weighs 40 pounds and is microchipped.

Meet Emma! She is a miniature schnauzer puppy who is known for being affectionate, friendly, funny, gentle, playful and smart. She is house-trained and her vaccinations are up to date. She is also spayed. She is good in a home with other dogs, cats and children. This beautiful little girl was living in horrific conditions in Puerto Rico with her

sister, desperately in need of food and water. We can't say enough good things about Emma. She is gentle, shy, sweet, and oh so affectionate! She knows how to use a wee pad indoors and she is quickly learning the schedule to do her business outside. She's great with other dogs; she approaches them nervously and turns away if they are not amenable to her. Emma has been living with children and many dogs, including her sister Chai, who is also available for adoption. She is a happy, active, sociable and playful girl who loves people, and gets along with both dogs and cats. Emma is five months old and weighs about 16 pounds She is also microchipped.

Meet Aletheia! She is a Golden Retriever/German Shepherd mix. She is known to be friendly, affectionate, loyal, gentle, smart and quiet. She is house trained and

her vaccinations up to date She is also good in a home with other dogs, and children.

Her name, which means verity and truth, describes her perfectly; she is TRULY BEAUTIFUL, both inside and out! Aletheia was initially rescued from a high kill shelter in Georgia. She has lived with a young man for the last few years whose work will be taking him to live in NYC. Aletheia is used to a quiet neighborhood with other friendly dogs, and although her dad will miss her dearly, he doesn't want to subject her to the hustle and bustle of big city life. With many tears, and a breaking heart, he wrote the following about Aletheia...

"She is a very sweet, loyal and attentive companion. Some of her favorite things (in no particular order) include hikes through the woods, chasing tennis balls (and holding them in her mouth), sweet potatoes, chew toys, smelling flowers on her walks, listening to live music, parties, car rides, running free, chasing birds (especially geese), being brushed on the porch while the wind takes her hair away, a trip to the groomers, sleeping by the door, AFFECTION, and feeling useful.

Aletheia is not fond of swimming, baths, when cyclists and skateboarders pass her on the street, small dogs, cats, or birds. She doesn't like waiting too long for dinner, being overcrowded, or feeling lonely. Oh, and boredom. She is very intelligent and loves having things to do/chew on throughout the day. She is a wonderful dog who is sure to provide a lot of love and companionship to her new family."

Aletheia is six years old, weighs about 52 pounds and is microchipped. She's great with other dogs, but she finds that small dogs can be annoying sometimes.

For more information on these and other dogs, visit <https://www.heartsandtails.org/petfinder-list/>.

Caution

Up ahead on the road,
I saw something crawling,
across the street from the
swamp, prehistoric look,
long tail, humped body, big head,
slowed my speed, closer look,
a turtle, returning
to the lake after laying
her eggs for a new
generation of
turtles, she tired on
her way across the road,
pulled in her head, lowered
her legs, laid flat in road,
cars drove around her,
soon she raised her legs,
stuck out her head and
continued her journey
to waters of the lake.

Asked and Answered: Keeping Cool

How to Be Cool in the Summer!

By Connie Evans

To stay cool in oppressive, hot humidity, the obvious choices would be to plunk down in front of an AC or head to a cool, invigorating body of water.

However, sometimes the call of weeds in the garden, vegetables that need to be picked, or friends to see down the street means you must venture outside for more than a few minutes. How to arm yourself against such summer aggression on your body?

Fold a tea towel with a few ice cubes in the middle and drape it around your neck. Ahh. Let the ends hang over your shoulders or tie them. As the ice melts, the cool water will also feel refreshing dripping down your front!
